

Dear Parents,

I am always excited about getting a new group of students. It is so rewarding to see the growth they make throughout the year. The following skills are very important to know when the students enter the fourth grade. The IXL is to be completed with a 100% score. This is 3<sup>rd</sup> grade review. You have probably done most of the skills. Re-do them and I can monitor by the dates and times the student has been on IXL.
