First book:

You will play teacher, and decide what the test for your book should be like. Create a 25 question multiple choice test. You must create original questions and not questions from the internet. It must be from YOU! You will also create a separate answer key to go along with the test you create. I will know if you copied from the internet, so be original. Think about this....if you could control what was on the test, what types of questions would you ask?

Second book:

The second book you choose, I'd like for you to create a power point presentation to describe your book. There should be at least 10 slides with graphics and captions. You will present this for a grade.
