

Students,

Happy summer, but we have to keep our minds strong in order for your 8th grade year to be successful.

You know the drill, on NON-word problem problems, **write the problem, show the work and box your answer.**

On word problems, **please label and do all five steps!**

If you complete all the problems AND the Mixed Review Exercises, 150/100

If you complete all the problems and NONE of the Mixed Review Exercises, 125/100

If you complete ONLY the odd problems 90/100.

You have a choice on how you can continue your education and begin your new year!

Happy summer and see you in August.

Mrs. Langford
